PART 1

KyungSung University

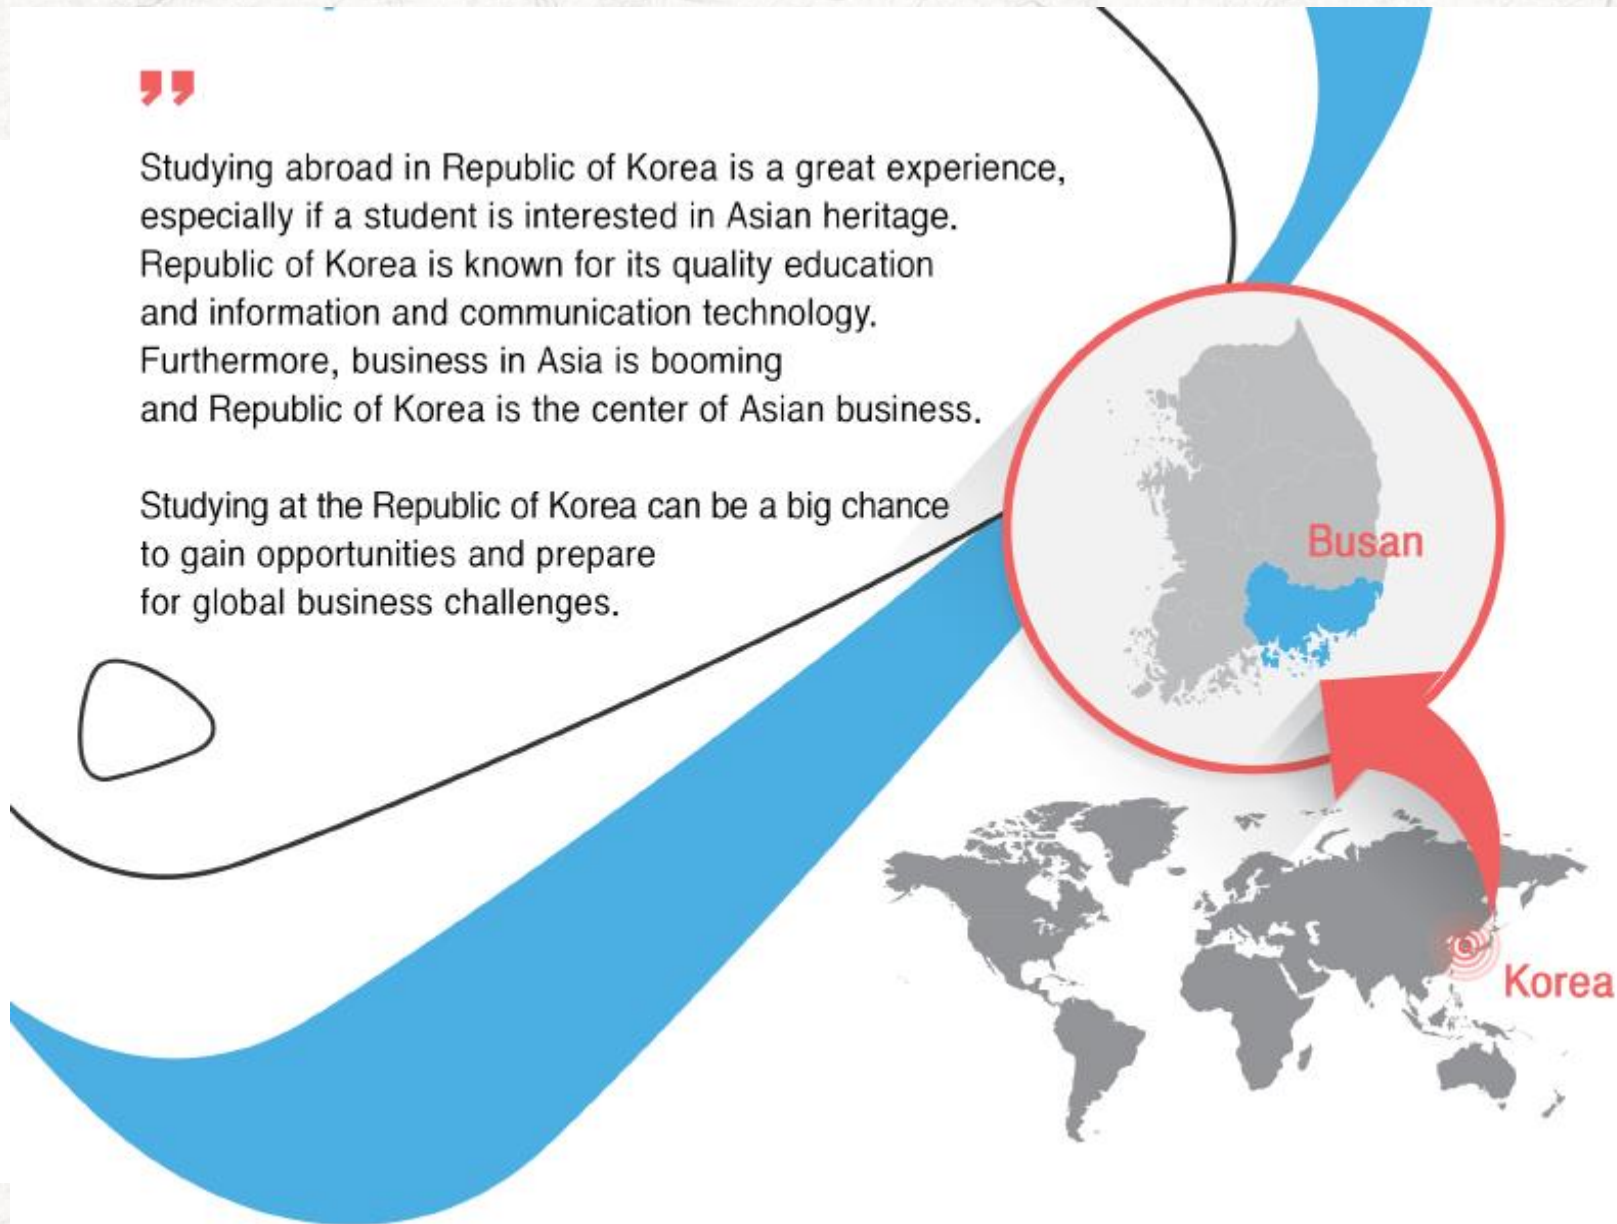

Kyungsung University is centrally located in the second largest city Busan in Republic of Korea. The city of Busan is the most suitable location for students to further education, while enjoying many attractions simultaneously. Not to mention, the living expense is cost-effective and very affordable.

Kyungsung University exerts tremendous efforts in providing the best service for all international students compared to other Korean universities. With approximately 1,500 foreign students, Kyungsung University has the highest enrollment of foreign students out of all private schools in Busan, which the government acknowledges our institution as an outstanding school for best foreign student management since January 2014.

”
