

- University placements will be done automatically according to the ranking of students who fulfil application requirements successfully and on time, and according to their university preferences indicated within their online application system. Placement list will be published on Erasmus Office website. The higher the student's Erasmus score is, the more likely it is to be placed to the first university preference. Therefore, the University preferences must be done according to student's wish.
- A partner university may have another instruction language than English and request additional language certificates from the students. Students are expected to research the information regarding the language of teaching of the universities that they want to prefer.
- Some of the universities may have shared student quotas with different departments, please check the Partner Universities list in order to see if the quota is shared and with which department if it is shared.
- The subjects in which two institutions have agreement on may not be completely the same. However, it's in students' responsibility to search and find a program in one of the partner universities in which the student will find ECTS credits that can be transferred here. That's why students should check the partner universities' courses and program from their official webpages and consult to their Erasmus Department Coordinators.
- It is the students' responsibility to check application requirements and conditions, course catalogues, campus life of a partner university. **Please bear in mind that students who do not fulfil successfully these requirements may not be accepted.**

- The students who submitted eligible applications will be listed from highest to lowest depending on Erasmus score and be placed to the University selections. Placement Results will be announced on our website.
- There will be list of students who are officially placed and substitute students.
- Being announced as placed does not mean that student is certainly going to that University. Only being able to apply to the University is eligible. All placed students will go through an application procedure for the host University. As the host University provided an Official acceptance letter after application, student will be able to admit to the University.
- If all University get to the full quota by the time students get placed, students will be placed as substitute to the first University preference. This cannot be changed with another University.
- It is not possible to be placed in a University that is not included in the student's preference list but has a free quota.
- Only when officially placed students cancel their Erasmus mobility, it is possible for the substitute students to be placed.
- For students who would like to attend for 2 semesters, it is not possible to apply to 2 different universities for each semester. Students are only able to go to the placed University for both semesters.
- Students must check the Partner Universities carefully when applying.
- The partner University's main teaching language may not be English and may request different language requirement documents. It is the student's responsibility to do research regarding the teaching language.

- The subjects in which two institutions have agreement on may not be completely the same. However, it's in students' responsibility to search and find a program in one of the partner universities in which the student will find ECTS credits that can be transferred here. That's why students should do self-research beforehand about the course catalogues, campus life etc. of the universities they would like to apply. and consult to their Erasmus Department Coordinators.
- **It is the student's responsibility to do research about the requirements the University asks for. (For example; Design based departments may ask for Portfolio, or some universities may want Passport information when applying)**
- If students cannot complete the application requirements of the host University, they may not get admitted.
- It is the student's responsibility to do research regarding the financial requirements, visa requirements etc. of the country they would like to go.
